# **POLICIES AND PRACTICES FOR CALCULATION OF NET ASSET VALUE AND UNIT PRICE**

# Policies of IGI Life for managing Unit-linked Funds

## 1. PRINCIPLES AND PRACTICES

In this document we define the Principles and Practices used in managing the unit-linked business of IGI Life

The Principles define the overarching standards adopted in managing the unit-linked funds of the business for current and future policyholders and describe the approach used in meeting our duty to unit-linked policyholders, and in responding to longer-term changes in the business and economic environment.

The Practices describe the approach used in managing the unit-linked funds, and in responding to changes in the business and economic environment in the shorter-term.

The contents of the document may be amended in the future, either as the change in business or economic environments alter, or to reflect new product launches, or to reflect changes in the management of the unit-linked business.

We expect our Practices to be revised from time to time as both circumstances and the business environment change. Policyholders will be notified in a reasonable period after the effective date of any material change.

## 2. GOVERNANCE STRUCTURE

### 2.1. The Board

In addition to their other responsibilities the Board of IGI is responsible for oversight over the management of the company's unit-linked business.

### 2.2. Investment Committee

The investment committee is responsible for the strategic direction and oversight and governance of the funds. The committee also ensures that formulation and implementation of the policies and delegate authorities at various levels to ensure that work is performed efficiently and effectively.

Investment committee meets at least quarterly.

### 2.3. Appointed Actuary

The Appointed Actuary reports to the Board and with regards to the Investment process certifies annually whether in his opinion the investment policy is suitable for each fund. The Appointed Actuary has also signed the fund pricing arrangement as mentioned in section \_\_\_ of this document and carries out a detailed review of each fund's pricing arrangement once in every six months.

### 2.4. Audit and Compliance

The internal audit and compliance function verifies adherence of the policies and practices as mentioned in this document and reports their findings to the Audit Committee. The external auditors of IGI ensure that the pricing arrangements are appropriate and carry out procedures to verify the determination of fund prices.

## 3. CALCULATING UNIT PRICES

### 3.1. Principles

Our overall principle in calculating unit prices is to ensure that we treat all policyholders fairly. In particular we aim to:

- provide a fair valuation of the assets within a fund;
- allow for charges and expenses borne by the fund appropriately;
- provide a fair price to policyholders on purchase and sale of units;
- use a fair and transparent method of unit pricing;
- avoid cross-subsidies between policyholders of individual funds; and
- Ensure that the pricing method is fair to both policyholders and shareholders.

# Details of fund related charges and expenses

## 1. PRACTICES

### 1.1. Fund Valuation

Assets of each funds is revalued on daily basis (business days) based on available market prices to net asset value of the funds which is then divided into the number of units outstanding to arrive at the bid / offer price per unit of each fund.

Bid price is the price at which units in the funds can be redeemed and offer price is the price at which units are purchased.

A 5% spread bid and offer price is maintained to cover the dealing cost, allowance for taxes, duties and other charges payable when buying the assets.

### 1.2. Asset Values

The assets of all investment linked funds are revalued to their fair market values using appropriate market prices for each investment using published at the end of the respective day.

#### 1.2.1. Investment in Listed Equities

Investments in equities listed on stock exchange are valued at closing stock price on the day of valuation. In case the exchange is not open on the date, the equities are valued at the closing value on the preceding date on which the exchange was open. The value of any dividends, bonus shares or rights which may have been declared on the securities in the portfolio but not received by the fund is included in the valuation of the fund.

#### 1.2.2. Investment in Mutual Funds

The investment in mutual funds are revalued on a daily basis using closing market values of each fund (NAV/unit) published by Mutual Fund Association of Pakistan (MUFAP).

#### 1.2.3. Investment in Government Securities

The investment in Government Securities are revalued on a daily basis using Reuters market values (PKRV Rates) published by MUFAP. The prices are interpolated to match the respective maturities of each government security. Interest accrued on government securities is included as an asset in the calculation of net asset value.

#### 1.2.4. Cash and Bank balance

Cash and amounts held in current and deposit accounts and in other time related deposits will be valued at their nominal values.

## 1.3. Policyholder's Unit Pricing

### 1.3.1. Forward Pricing

All funds are priced each day on a forward pricing basis. Forward pricing is when transactions are undertaken at a price that is calculated once all transactions are known. Under this method each investor receives the most up-to-date value for their investments but investors do not know in advance what price they will get for a particular transaction. Instructions received before close of business will receive the price based on the Net Asset Value of that day.

The unit-linked funds of IGI are valued and priced each working day.

### 1.3.2. Rounding off prices

The Bid and Offer Prices are rounded to fourth decimal places.

# Details of fund related charges and expenses

## 1. CHARGES AND EXPENSES

### 1.1. Initial Charges

When a policyholder transacts in a unit-linked fund they will buy units at the Offer Price and sell units at the Bid Price. There is an initial charge equal to the difference between the Bid Price and the Offer Price. The charge is never greater than 5% of the Offer Price.

The units allocated to the policyholder at the time

### 1.2. Management Fee

Management Fee (%age of accumulated account value as specified in the policy document) is deducted every month on the policy's monthly anniversary date in the form of units from the outstanding units of policy holder. The number of units to be deducted is calculated as product of accumulated account value and management fee percentage divided by Bid Price on the date of the deduction.

### 1.3. Mortality Charges

Mortality charges including any rider charges, if applicable, (specified in the policy document) is deducted every month on the policy's monthly anniversary date in the form of units from the outstanding units of policy holder. The number of units to be deducted is calculated as the amount of the mortality charges divided by Bid Price on the date of the deduction.

### 1.4. Administrative Charges

An administrative charge, if applicable, (as specified in the policy document) is deducted every month on the policy's monthly anniversary date in the form of units from the outstanding units of policy holder. The number of units to be deducted is calculated as the amount of the mortality charges divided by Bid Price on the date of the deduction.

## 1.5. Taxes

Taxes, including income tax and capital gains tax, attributable to the investment income and gains of the fund will be deducted while determining the net asset value of the fund.

## 1.6. Other Fund Related Expenses

The following, if applicable, will be deducted when calculating the net asset values of the fund:

- Costs paid to a third party directly related to the acquisition or sale of a particular investment, including brokerage costs, and any related taxes, government levies and bank charges;
- Costs paid to a third party directly related to collection of investment income as well as any non-recoverable taxes or levies on investment income;
- Provisions for impairments or write-off of any assets; and
- Custodian charges (e.g. CDC or SGL charges).
