

InvestPro is a hassle free, single premium unit linked investment plan providing you the investment and protection benefits. 100% of your single premium is allocated to account value. Most importantly it gives you the option of choosing your own mix of investment strategy from the available multiple investment strategy options.

What is InvestPro?

InvestPro is a unique investment-cum-protection plan that provides you a hassle free one-time investment option.

InvestPro gives you the freedom of creating your own investment mix, from the available multiple Investment Strategies, as per your risk return tolerance and appetite, while the protection feature of the plan provides you life insurance coverage from the moment you invest in the plan.

Anyone between the age range of 18 to 85 years is eligible for this ideal investment package. The term of the plan can be of any period from 5 years up to the age 95 years at maturity.

How does InvestPro work?

100% of the Single Premium / AVAP payment is used to buy units of the chosen Investment Strategy(ies) and Fund(s) at the applicable Bid Price. The management charges and cost of insurance (if any) are deducted on a monthly basis from your account value. The process will continue till the end of the elected term.

On completion of the term - the maturity date - accumulated Account Value will be paid to you in a lump sum.

Free Look Period

If you cancel your policy within a free look period of 14 days from the date of receipt of the policy documents, you are entitled for a full refund of premium less any expenses incurred by IGI Life in connection with your medical or clinical examinations.

Account Value Acceleration Premium (AVAP)

Although InvestPro is a single premium unit linked plan, in order to facilitate the clients, lump sum payments, called Account Value Acceleration Premium, can be made any time while the policy is in force. AVAP payments will increase the Account Value of the Policy but will not affect the Basic Face Amount. The amount of AVAP is subject to the minimum and maximum limits as determined by the Company from time to time.

Death Benefit

In the unfortunate event of the death of the insured, the following benefit is payable;

- The higher of Account Value or the Basic Face Amount less any partial withdrawals; PLUS
- The Account Value of AVAP payments if any.

Multiple Investment Strategies

You have the option to choose from the following Investment Strategies and Funds to match your risk profile and financial objectives.

IGI Aggressive Fund: This strategy seeks to provide long term capital growth mainly through investments in equities. It has higher risk.

IGI Balanced Fund: This strategy seeks steady growth in capital through a combination of investments in stocks and government securities and/or other secured investments. It has moderate risk.

IGI Secure Fund: Investment is made in government securities i.e. Pakistan Investment Bonds (PIB) and T-Bills. It has lower risk.

Please note that investment risk borne by policyholder and IGI Life has no liability in this regard.

Guaranteed Loyalty Bonus

The longer you continue the Plan, the higher rewards you will gain in the form of generous loyalty bonuses. A loyalty bonus comes in the form of extra units added to your account value at the end of every 5 years to accelerate growth of your funds. The bonus allocation is a percentage of Single Premium and is only allocated if no withdrawals are made during all preceding years of the policy.

The Loyalty Bonus Allocation would be as follows:

End of Year	Loyalty Bonus Allocation in Basic Policy as % of Single Premium
5	3%
10	6%
15 years and every 5 years thereafter	9%

- Loyalty Bonus is not applicable on AVAP payments.

c) Vitality Integrated Benefit:

Vitality Members will also be entitled to receive an Integrated Benefit starting from the second policy year for each policy year in which partial withdrawals are not made. The Integrated Benefit will be a discount on the Fund Management Charge (FMC), where the level of discount is dependent on the Insured's Vitality Status at the beginning of each policy month.

Prior to the Monthly Due Date, the Member's Vitality Status will be verified. The Vitality Status and Policy Year will then be used to determine the Integrated Benefit (i.e. the discount on the FMC) in accordance with the table set out below.

The table for discounts on Fund Management Charge is as follows:

Policy Year	Integrated Benefit - Discount on Fund Management Charge (% of AV per annum)			
	Bronze	Silver	Gold	Platinum
1	0.0%	0.0%	0.0%	0.0%
2	0.0%	0.2%	0.4%	0.9%
3	0.0%	0.2%	0.4%	0.9%
4+	0.0%	0.1%	0.2%	0.6%

The resultant Fund Management Charge after Integrated Benefit is applied is as follows:

Policy Year	Fund Management Charge (% of AV per annum)			
	Bronze	Silver	Gold	Platinum
1	1.8%	1.8%	1.8%	1.8%
2	1.8%	1.6%	1.4%	0.9%
3	1.8%	1.6%	1.4%	0.9%
4+	1.5%	1.4%	1.3%	0.9%

For example, if the customer achieves Platinum status at the end of 12th month, the FMC charged on the 13th month will equal 0.0917% of the Account Value (Annual FMC of 1.1% / 12 months).

The Bronze, Silver, Gold and Platinum Statuses refer to the status achieved by a member as a result of achievement of various goals and assessments / questionnaires, as set out under the terms and conditions.

In case of permanent total disability of the Insured, the Insured will cease to be eligible for any Integrated Benefit starting from the Monthly Due Date following the date of permanent total disability.

In case of partial withdrawal, the Insured will cease to be eligible for any Integrated Benefit for the remainder of the policy year in which partial withdrawal is made.

If there are more than one Vitality Integrated Policy, each Vitality Integrated Policy will be eligible to receive Integrated Benefit given the set criteria are met.

If the anniversary of the Vitality Active membership is different than that of the Vitality Integrated Policy, the Vitality Status to be used for the Integrated Benefit will be the current status at the time of the monthly due date for each Policy.

The Integrated Benefit described above as well as its terms and conditions mentioned in the Policy Document apply to the Account Value Acceleration Premium (AVAP) associated with the Base Policy (if any) as well. Policy years for AVAP will be considered from the date of commencement of the respective AVAP payment.

VITALITY FEE:

A fee of PKR 320 will be deducted at the beginning of each month for each member from the account value. Vitality Fee may vary from time-to-time, at the discretion of the Company.

If the customer has more than one policy of the Vitality Integrated product, then Vitality Fee will be deducted from one policy only; no deduction of Vitality Fee will be made from the other Vitality integrated policies.
