FUNDS MANAGEMENT REPORT

For the month of June 2023

Macroeconomic Review:

Pakistan's inflation, as measured by the National Consumer Price Inflation, stood at 29.4% in Jun-2023, showing a slight improvement from the previous month's reading of 38.0%. The fall in inflation is attributed to decline in run rate of prices of the Utilities, Health, Transport, Communication and Education Indexes on yearly basis.

The Wholesale Price Inflation (WPI) index on a year-on-year basis increased by 22.4% in Jun-2023 as compared to the previous month's increase of 32.8% on yearly basis.

The Real Effective Exchange Rate (REER) of Pakistan experienced a rise of 1.85% from Apr-2023 to May-2023, with May-2023 REER at 87.15 and Apr-2023 number at 85.56. This indicates strengthening of the country's currency in relation to its trade-weight partners.

The Current Account Balance in May-2023 stood at a surplus of USD 255 million, a significant improvement from the previous month's surplus of USD 78 million. Exports number improved on month-on-month basis.

Money Market Review:

In the money market, in the last treasury bill auction of Jun-2023, cut-off yields settled 21.99%, 21.97%, and 21.99% for the 3-month, 6-month, and 12-month tenures, respectively.

As for Pakistan Investment Bonds (PIBs), in the recent auction cut-off yield was 19.35% in 3 years tenor. Bids were rejected for 5-year and 10-year tenures, while no bids were received for 15-year, 20-year, and 30-year tenures.

In response to the economic developments, the Monetary Policy Committee (MPC) held an emergent meeting and decided to raise the policy rate by 100 basis points to 22.0%. This decision reflects the MPC's concerns about inflation risks and the potential impact of tax measures and import relaxation on the foreign exchange market.

Equity Market Review:

The KSE-100 index, Pakistan's main stock market index, closed at 41,453 points level at the end of June 2023. Comparing this with May-2023 closing of 41,331 points, the index remained flat, change of +0.30%.

Net foreign portfolio recorded an inflow of USD 6.3 million during Jun-2023. Foreign corporates and overseas Pakistani bought equities worth USD 2.1 and 4.0 million respectively.

On the local activity side, mutual funds, insurance companies and brokers were the sellers with net outflows of USD 14.2/ 5.3/ 2.8 million respectively. Buying was witnessed by companies, individuals and other organization of USD 8.9/ 5.2/ 2.4 million respectively.

Overall in the month of June-2023, Pakistan's economy witnessed a slight improvement in inflation, while the REER and NEER figures suggest some currency appreciation. In the money market, T-Bill and PIB auctions had mixed results, and the equity market experienced a modest increase in the KSE-100 index.
